All India Survey on Higher Education 2020-21

FOREWORD

Over the years, the All India Survey on Higher Education (AISHE) has assumed critical importance, as it is the only comprehensive source of Higher Education Statistics, in which valuable data on various aspects is collected from Higher Education Institutions in the country. AISHE 2020-21 was the 11th Survey and first Survey conducted through Web Data Capture Format (DCF). Being the first such Survey it had its share of challenges but these have been very successfully overcome.

2. The Report of AISHE 2020-21 has come out at an opportune time and will be extremely useful especially for informed policy making and future perspective planning. The Report is comprehensive covering many facets and has brought out many new interesting insights on the growth of the Higher Education Sector in the country.

3. I congratulate the officers and staff of the Statistics Division for their excellent work and painstaking efforts, under the leadership of Deputy Director General (Stat). I also appreciate the wholehearted efforts of the AISHE State Units, and NIC Team, in this important endeavour. I also thank the Higher Education Institutions for their enthusiastic participation and the support given by the Regulatory Institutions.

(K Sanjay Murthy)

CHAPTER I – INTRODUCTION

Background

The All India Survey on Higher Education (AISHE) was initiated in 2011, during which data for the year 2010-11 was collected. This Survey was necessitated as none of the source of data on Higher Education was giving complete picture of Higher Education in the country. The survey intended to cover all the Institutions in the country engaged in imparting Higher Education. For the first time all the major Stakeholders in Higher Education, such as University Grants Commissions, All India Council for Technical Education, Medical Council of India as well as State Governments participated in the data collection exercise. The entire survey was conducted through electronic mode and a dedicated portal <http://aishe.gov.in> was developed for this purpose. In the initial years, the list of institutions were prepared by consulting websites of State Government Departments, Ministries and Institutions , consulting Central Ministries, Councils and State Governments for providing institutions under their control.

In view of the immense utility of the Survey for providing comprehensive data, the AISHE Surveys were continued over the years on an annual basis. Data on several parameters such as teachers, student enrolment, programmes, examination results, education finance, infrastructure etc. are being collected and indicators of educational development such as Institution Density, Gross Enrolment Ratio, Pupil Teacher Ratio, Gender Parity Index, etc. are calculated from the data collected through AISHE. These are useful in making informed policy decisions. It is pertinent to mention that the results published in AISHE reports are based on the number of institutions who have registered and uploaded their information.

1.1 Steering Committee, Higher Education Statistics and Public Information System (HESPIS): The XII Five-Year Plan categorically highlighted the need for a strong current and comprehensive data for evidence-based policy making and effective planning. The Plan document also took note of the AISHE initiated by the Ministry of Education and indicated that it can provide useful insights and can be the first step towards creating a comprehensive higher education data management system. The scheme of HESPIS under which the survey is being conducted since XII Five Year Plan has been extended for continuation up to 2025-26 by the Standing Finance Committee (SFC).

Keeping this in view, a new plan scheme HESPIS was approved in XII Five Year Plan. With a view to ensure coordinated approach to all these efforts, particularly data collection and benefit from synergy, a Steering Committee for HESPIS was also constituted under the chairmanship of Secretary (Higher Education), MoE and different stake-holders as members. The notification on constitution of the Steering Committee and its Terms of Reference is given at Annexure-1.

1.2 Categories of Institutions Covered—The Institutions, under AISHE are classified in following 3 broad categories:-

- **University and University Level Institutions:-** The Institutions which are empowered to award degree under some Act of Parliament or State Legislature.
- **Colleges/Institutions** which are not empowered to provide degree in its own name and therefore are affiliated/recognised with Universities. There are four types of College/Institution:
 1. *Affiliated College*
 2. *Constituent College*
 3. *PG and Off. Campus Centre*
 4. *Recognised Centre*

College means any Institution, whether known as such or by any other name which provides for a course of study for obtaining any qualification from a university and which, in accordance with the rules and regulations of such university, is recognised as competent to provide for such course of study and present students undergoing such course of study for the examination for the award of such qualification. These are the institutions established or maintained by or admitted to the privileges of the University.

Colleges are generally of two types:

- (i) University/Constituent College maintained by the University
- (ii) Affiliated College

Off-Campus Centre/ PG Centre is a centre of the University established by it, outside the main campus (within or outside the state) operated and maintained as its constituent unit, having the University's complement of facilities, faculty and staff. A Recognised Centre is an institution attached with the University for the purpose of awarding degree in respect of programmes being run in these institutions. e.g., Army Cadet College Wing, Indian Military Academy, Dehradun is not affiliated with any University but the degree in respect of Programmes run in the institute are awarded by Jawaharlal Nehru University.

- **Stand-alone Institutions** (not affiliated with Universities) which are not empowered to provide degree and therefore run Diploma Level Programmes. During the survey, following 7 types of such Institutions have been covered.
 1. Technical Institutes such as Polytechnics recognized by AICTE/State Directorate of Technical Education etc.
 2. Teacher Training Institutes recognized by National Council for Teacher Education/State Council for Educational Research & Training etc.
 3. Nursing Institutes recognized by Indian Nursing Council/State Nursing Council
 4. Institutes under Ministries are directly manage by various Central Ministries
 5. Post Graduate Diploma in Management (PGDM) Institutes recognized by AICTE
 6. Paramedical Institutes recognized by Paramedical Council of India/State Paramedical Council etc.
 7. Hotel Management & Catering Institutes recognized by National Council for Hotel Management & Catering Technology, NOIDA

1.3 Formulation of Concepts and Definition: All the terms generally used in higher education such as University, College, Programmes, Discipline, Faculty, Department have been clearly defined in the Instruction Manual for AISHE 2020-21 is available in the portal (www.aishe.gov.in) which also includes item-wise instructions to fill the forms. All the Terms, Concepts and Definitions used in the survey are given at Annexure 2 and also in the FAQ, Web tutorial etc.

1.4 List of Higher Education Institutions: The most important requirement for the Survey is the Frame or exhaustive list of Higher Education Institutions in the country, for coverage. Under AISHE, the mechanism of registration in AISHE portal is used for the purpose. The institutions getting registered are provided with the AISHE Code, which is a unique code. While Institutions already registered during previous years automatically become part of the Frame. The new list is updated through new registrations.

The mechanism adopted to update the list of institutions are:-

- List of Universities through State Governments, Central Ministries, UGC and self-disclosure by the Universities, which is to be verified by the Act of the University.
- List of Colleges through Universities.
- List of Stand-Alone Institutions through respective Councils, State Governments and Central Ministries.

Thus, the Requests for addition of institutions (new/remaining) received from the institutions after approval of University Nodal Officer/Sectoral Nodal Officer and the State Nodal Officer are then examined for grant of AISHE Code on the basis of verification of documents mentioned on AISHE portal guidelines at MoE level and inclusion in Frame.

So the Frame for AISHE 2020-21 is the list of Registered institutions upto 2019-20 and new registrations of 2020-21.

Apart from addition and deletion, the module is also used for;

- Affiliation and De-affiliation of Colleges which maintain the identity of the college even after shifting from one University to other. A provision has also been made for those colleges which are upgraded to University so that there is always a backward linkage.
- Active and In-activation of Stand-Alone Institution and upgradation of Institute to College is done at MoE level on request of Institution after providing the necessary documents.
- The Activation of User Ids and Password of Standalone Institute register under the category of Institutes under Ministries, P.G.D.M Institutes, Paramedical & Hotel Management & Catering Institutes.
- On Request of Institutions Editing/Updating the Institution Type, Name, State and District.

1.5 Partner Agencies – Statistics Division, D/o Higher Education, Ministry of Education is assisted by National Informatics Centre (NIC) in software development, portal handling and support from Several regulatory authorities such as UGC, AICTE, MCI, etc. also facilitate by advising their institutions to participate in Survey and provide information.

Nodal officers in each State are expected to coordinate the survey work. Most of the States have nominated Higher/ Technical Education department as Nodal department/ agency for coordinating the Survey. Along with State Nodal Officers, 3 more Nodal Officers, one each from Directorate of Technical Education (for Polytechnics), SCERT (for DIETs and Teacher Training diploma level institutions) and State Nursing Council have also been designated to co-ordinate with Standalone Institutions. List of Nodal Officer is at Annexure-3.

1.6 Mode of Survey – **The mode of the Survey is online, through the** dedicated portal (<http://aishe.gov.in>). From AISHE 2020-21 onwards, the platform of data uploading has been changed from Adobe Form to Web Form which is latest technology (Micro-service Architecture) based web DCF. Data has been collected under AISHE for the first time in AISHE 2020-21 through the Data Capture Format (DCF) in which data is being filled by the users on online web form on AISHE portal.

1.7 Reference Period for AISHE 2020-21: The Reference date for filling up/uploading data in web DCF was 31st December 2020. The number of teachers and students has been recorded on the basis of their actual number as on 31st December 2020. Information in respect of Examination Result has been collected for the students passed out/awarded degree on or before 31st December 2020 for the previous academic year. Financial Information has been recorded for the previous financial year i.e., 1st April 2019 to 31st March 2020.

1.8 Duration of the Survey AISHE 2020-21: The survey was launched on 1st December, 2021 and continued till 30th April 2022. As the web DCF has been used for the first time, large scale scrutiny on various parameters such as enrolment (gender-wise, social category-wise, foreign students, NCC, NSS etc), teaching/non-teaching staff, pass out /outer etc., has been conducted. Thereafter the discrepancies found have been taken up with the concerned institutions for clarification/correction.

1.9 Institution Response under AISHE Survey: In AISHE 2020-21, out of total registered 1,113 Universities, 43,796 Colleges and 11,295 Stand Alone Institution, 1,084 - Universities, 40,176 - Colleges and 8,696 – Standalone Institutions have uploaded the data form on the portal. In AISHE, apart from the actual responses,

data of last two years i.e (2019-20 and 2018-19) of those Institutions who have not upload the data in present survey year. So, by pooling, the results are actually based on response from a larger number of institutions than the actual response of 2020-21 survey which can be seen from the following Table:-

Box 1: Registered Number of Institutions with their data uploading response			
	Universities	Colleges	Stand alone Institutions

Out of these, 57.1% are male teachers and 42.9% are female teachers. But in States

like Kerala, Punjab, Chandigarh, Goa, Meghalaya, Nagaland, Delhi, Haryana and Lakshadweep female teachers are more than male teachers.

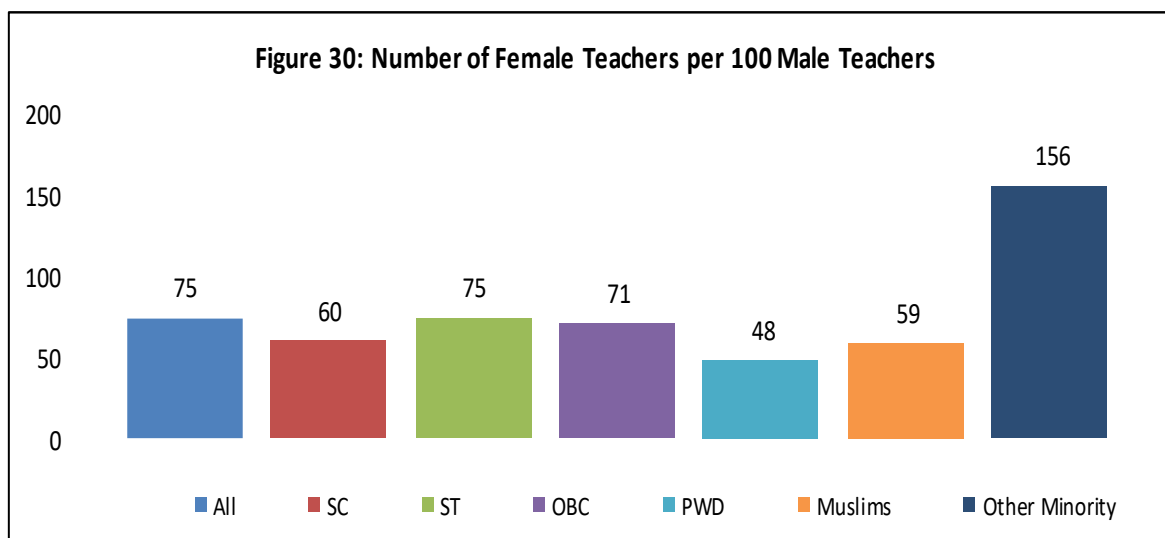

At All-India level, 56.2% teachers belong to General category; 32.2% teachers following to OBC; while SC and ST teachers are 9.1% and 2.5% respectively (Figure 28). About 5.6% teachers come from Muslim minority group, and 8.8% are from other minority groups. [State-wise number of teachers in various Socio-religious group is given in Table 21 (a) and 21(b)].

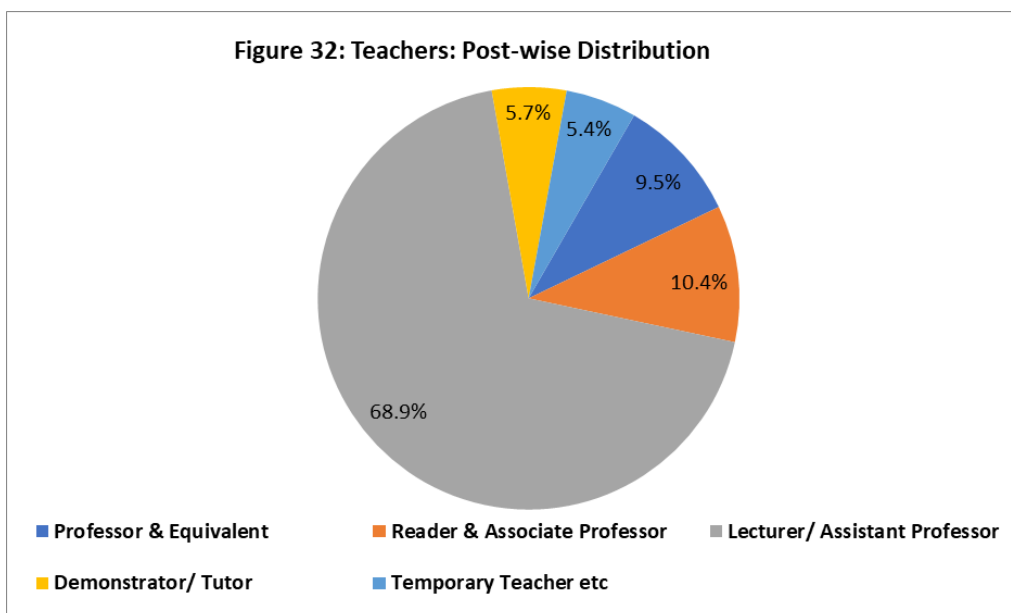

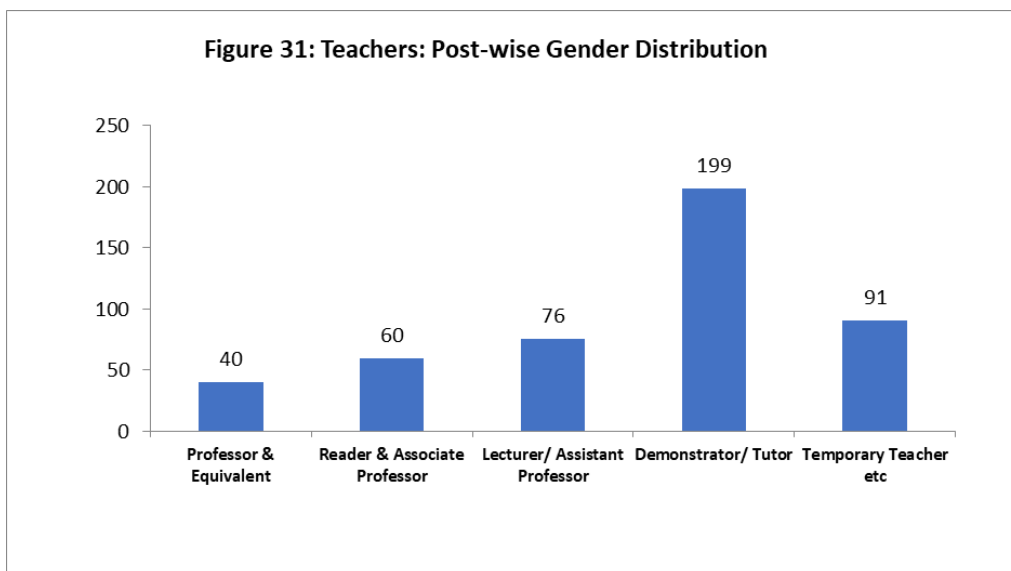

The percentage share of teachers, social-groups wise for top 10 states with highest number of teachers is given in Figure 29.

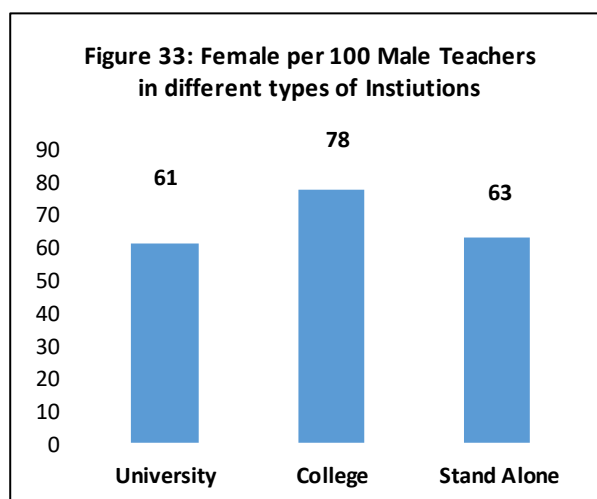

Another significant representation in terms of gender distribution is the number of female teachers per 100 male teachers. At the all-India level there are 75 female teachers per 100 male teachers. Similarly, in SC category there are 60 female teachers per 100 male teachers and in case of ST and OBC, it is 75 and 71 female per 100 male teachers, respectively. For Muslim minority, it is 59 female teachers per 100 male whereas for other minority, there are 156 female per 100 male teachers. The female representation of teachers belonging to Persons with Disabilities (PWD) category is 48 females per 100 male teachers.

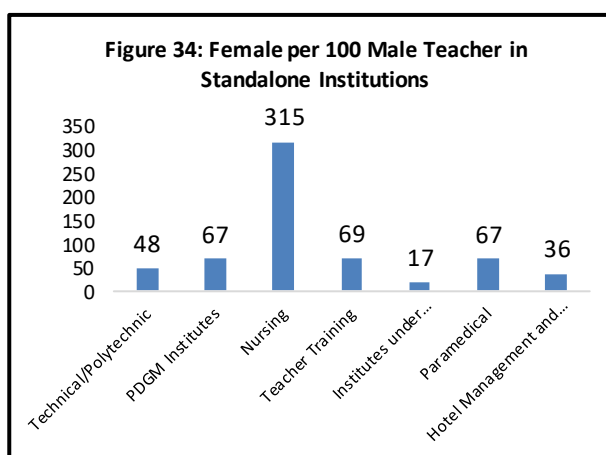

Majority of teachers are at the level of Assistant Professor, followed by Associate Professor. Also there are 13,078 visiting teachers. The percentage distribution is shown in Figure 32 and the number of female teachers per 100 male teachers at various levels of post is shown in Figure 31). In case of University and its Colleges, PTR is 24 for regular mode. It has been observed that, PTR in University along with its Constituent Unit is significantly better at 19 in case of Regular Mode.

**Pupil Teacher Ratio (PTR)
in Universities and Colleges
is 24 in Regular mode**

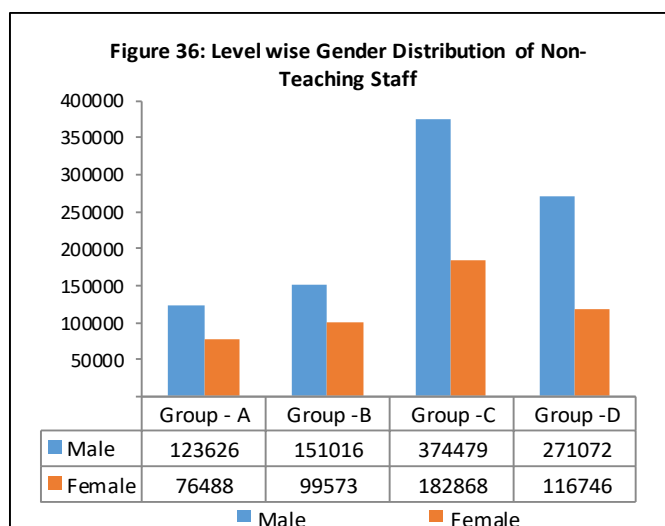

Among top 6 States in terms of Enrolment, Tamil Nadu and Karnataka have the best PTR of 16 each (regular & distance mode) in all institutions. State-wise PTR is given in Table 25.

State-wise Student Enrolment at various levels during last 5 years are given in detail in Table 43. State-wise Student Enrolment through regular mode of education at various levels during last 5 years is given in Table 44. Evidently, the growth in female enrolment is more as compared to male enrolment.

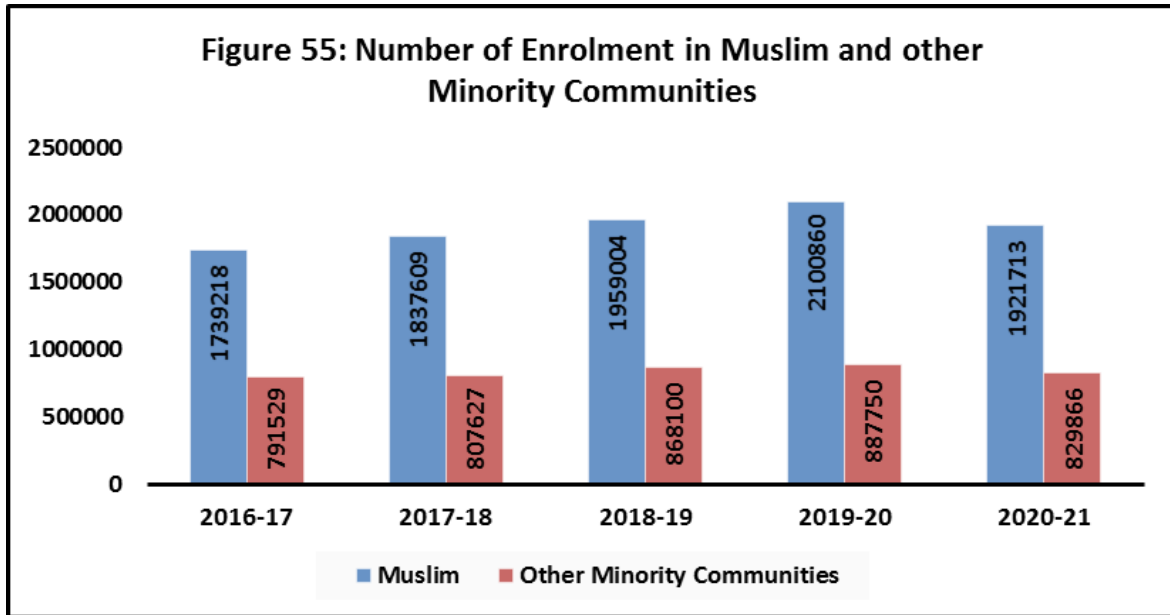

Number of female students per 100 male students has increased from 88 in 2016-17 to 95 in 2020-21. Gender-wise enrolment is depicted in the figure 53.

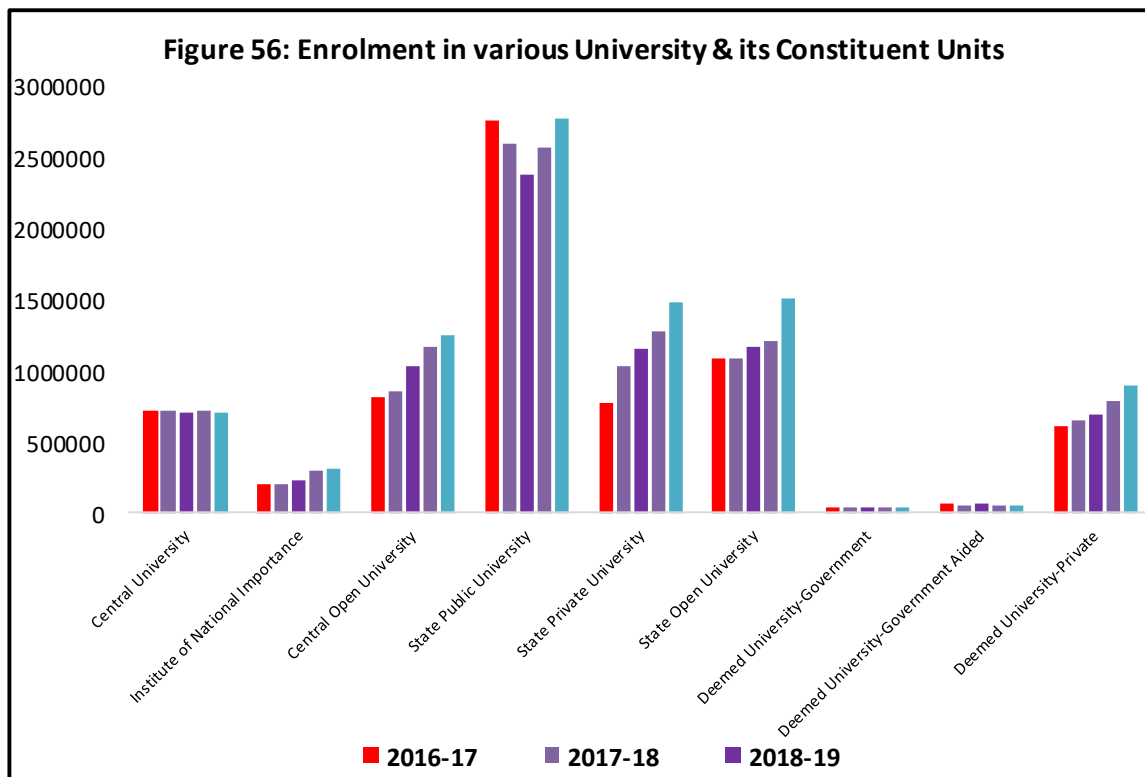

State-wise Category-wise Student Enrolment during last 5 years is given in Table 45. Consistent increase in enrolment is seen in SC, ST and OBC categories.

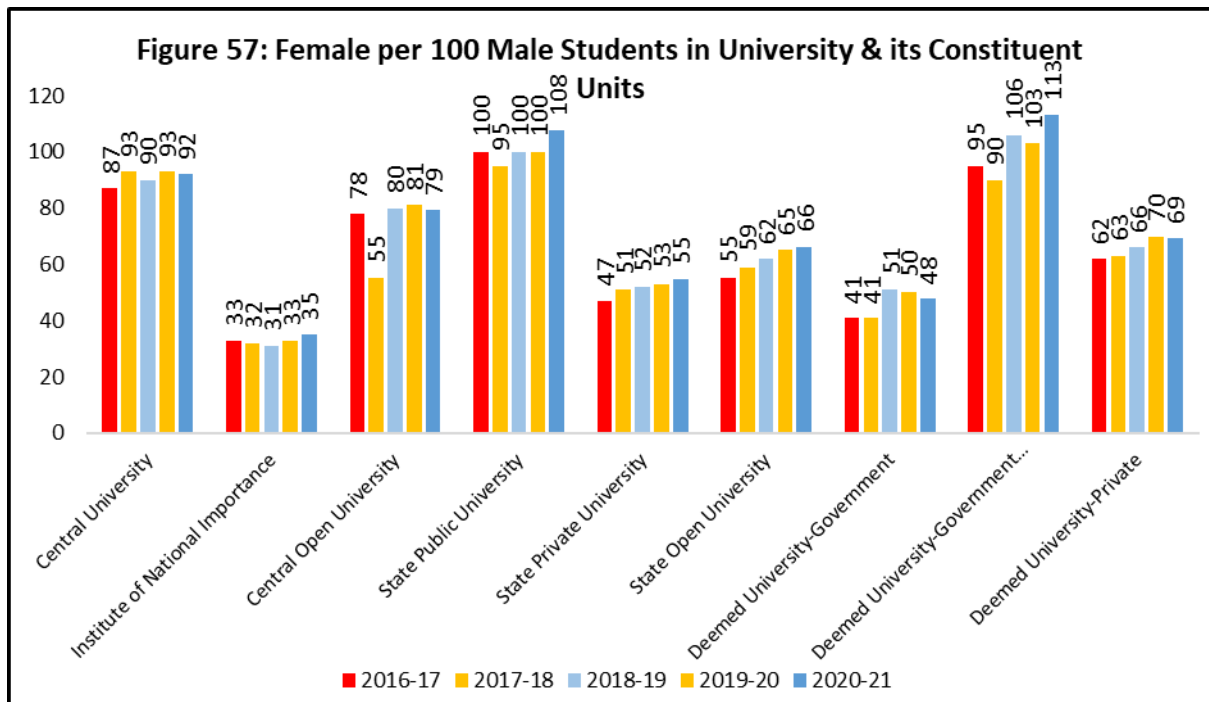

The State-wise Enrolment during last 5 years for Muslim, Other Minority and PWD is given in Table 46. Enrolment of Muslim students and student from other minority communities like Christians, Sikhs, Buddhists, Jain and Zorastrians (Parsis) have increased over the years as depicted in figures 55.

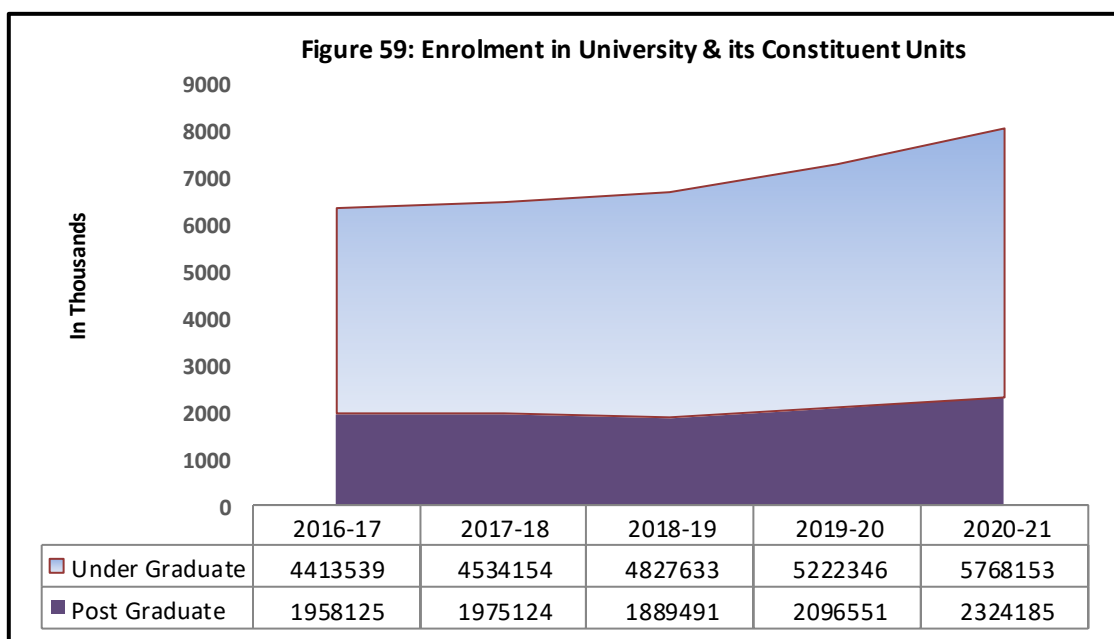

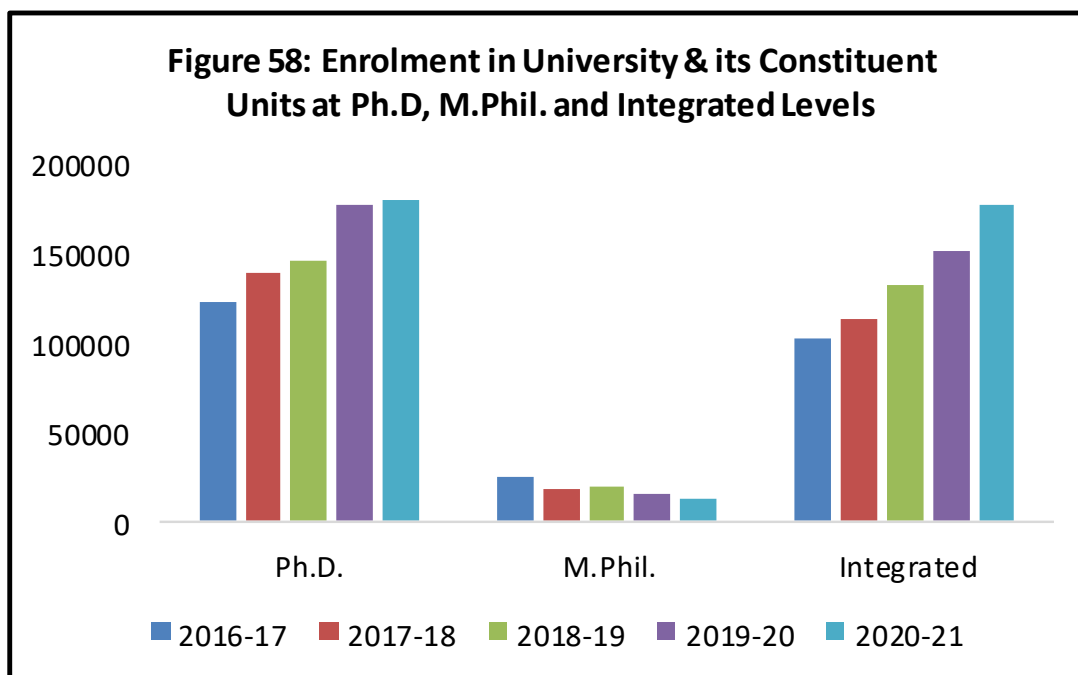

Enrolment in various types of universities including enrolment in their constituent units has also increased over the years. The increase is quite high in Central Open University, Private University and State Open Universities as shown in the figure 56. In State Public University, increasing trend is seen in the last 3 years.

Gross Enrolment Ratio during last 5 years is given in Table 47. GER varies considerably in different States, although it has generally increased in all the

States. Enrolment ratio for major states as compare to All India has been shown in figure 65.

3.5 Trend in Gender Parity Index (GPI)

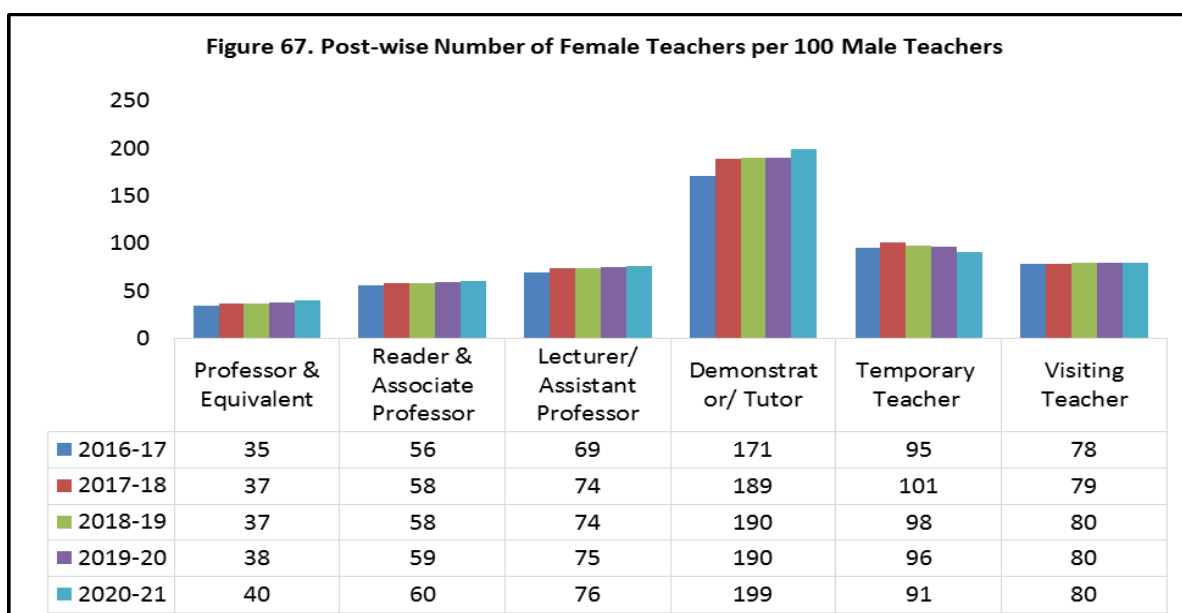

There is an increase in Gender Parity Index (GPI) for all the categories as shown in the figure 57. It has increased during the last 5 years, from 0.94 in 2016-17 to 1.05 in 2020-21. For SC, GPI has increased from 0.93 to 1.07 and for ST; it has increased from 0.85 to 1.02 during the period.

GPI has also increased marginally across all the States. State-wise and category-wise Gender Parity Index during last 5 years is given in Table 48.

3.6 Growth in Number of Teachers

The number of Teachers has grown from 13,65,786 in 2016-17 to 15,51,070 in 2020-21. State-wise and Post-wise Number of Teachers during last 5 years are given in Table 51. At all levels representation of total teachers has increased from 2016-17 to 2020-21. The scenario over the years is shown in figure 67.

Methodology for Estimation

Sl. No.	Type of non-response	Estimation procedure
1.	Unit non-response	
1.1.	institutions (Colleges, Universities and Standalone institutions) which have not given any information in any of the blocks.	If the unit has responded in at least one of the two preceding years (e.g., in 2019-20 or 2018-19), the latest available information of that unit is repeated in current survey year (e.g., in 2020-21).
1.2.	Excluding the above, affiliated colleges of a university which has not responded in current survey year (e.g., in 2020-21) and data of the college for two earlier years (e.g., in 2019-20 and 2018-19) are also not available.	Compute average enrolment of the responding colleges (whose enrolment <3000) of the respective affiliating University, at that level. Use that average as enrolment of the non-responding college.
2.	Item non-response	
2.1.	The Institution (College/ University/ Standalone) has filled other modules but mis-reported/uploaded enrolment as NIL	If the unit has reported enrolment in at least one of the two preceding years (e.g., in 2019-20 or 2018-19), the latest available information of that unit is repeated in current survey year (e.g., in 2020-21).
2.2.	The Institution (College/ University/ Standalone) has not reported enrolment for current survey year as well as 2 earlier survey years	If the unit has reported enrolment in the preceding year prior to these non-reporting years (e.g., reported in 2017-18 but not reported in 2018-19 and 2019-20), the latest available information of that unit is repeated in current survey year (e.g., in 2020-21).
2.3.	Enrolment of non-responding Institutions of last 5 Surveys, not covered above.	Estimate the enrolment with average enrolment of currently responding institutions of that particular type (i.e., University/ Standalone/ College conducting similar courses and of similar levels).

Note: The steps related to item non-responses have been introduced from AISHE 2020-21.

Enrolment Estimation Procedure

Enrolment for Graduate and Postgraduate has been estimated only for affiliated and constituent colleges based on stratified sampling technique. Post-Stratification has been done, after the survey for the year 2020-21 is closed.

Affiliated and constituent Colleges have been divided into two strata; one is Large College and other Small college. Large Colleges are those, which have enrolment of 3000 or more and the remaining are Small colleges. In absence of a priori information, it has been assumed that all large colleges have uploaded the data i.e. in the population the number of large colleges is equal to the number of such colleges that have uploaded web-DCF. Thus, we have avoided over estimation of enrolment of colleges. Average enrolment at a particular Level for the colleges of a particular University has been taken to estimate the enrolment of all colleges of that University. The Estimation formula is given below.

Estimated enrolment at l^{th} Level for k^{th} Type of college in i^{th} State,

$$E_{ikl} = \sum_{j=1}^{u_i} \frac{N_{ijk}}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijklc}, \quad i = 1, 2, \dots, 36$$

where, e_{ijklc} = Enrolment in c^{th} College at l^{th} Level in k^{th} Type in j^{th} University in i^{th} State,

n_{ijk} = Number of responding colleges of k^{th} Type in j^{th} University in i^{th} State,

N_{ijk} = Total number of colleges of k^{th} Type in j^{th} University in i^{th} State,

u_i = number of University in i^{th} State,

$k = 1, 2, 3 \ \& \ 4$; 1, 2, 3 & 4 stands for Affiliated college, Constituent college, PG/Off-Campus Centre & Recognised Centre respectively,

For, $k=2,3,4, n_{ijk} = N_{ijk}$

$l = 1, 2, \dots, 8$; 1, 2, 3, 4, 5, 6, 7 & 8 stands for Ph.D., M.Phil, Post Graduate, Under Graduate, PG Diploma, Diploma, Certificate & Integrated respectively.

Total Estimated enrolment at lth Level

$$E_l = \sum_{i=1}^{36} \sum_{k=1}^4 E_{ikl}$$

Estimation to be made for those Levels, for which sufficient response has been received. Where, Coefficient of Variation is high and n_{ijk} is small, no estimation is proposed.

When response within University is less than 10%, ($n_{ijk}/N_{ijk} < 0.10$), the following assumption is made:

$$\frac{1}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijklc} = \frac{1}{\sum_{j=1}^{u_i} n_{ijk}} \sum_{j=1}^{u_i} \sum_{c=1}^{n_{ijk}} e_{ijklc}$$
